Williams Prayer Letter April 2024

Dear Friends:

Greetings from Chapmanville, WV! Spring is around the corner but not here yet... we had some snow flying around early this morning! But now the sun is out but it is still cold. We arrived here on January 7 at the pastor's request but they did not get away until February 6 and that is when we began to minister. February and March have been a time for the church folk to adjust to us and for us to get to know them better. It has been a blessed time and we are rejoicing that the Lord has us here for such a time as this.

We have been doing this ministry of "helps" since 2008. Until covid we were going back and forth to Europe to fill-in for missionaries so that they could return to the states for a short time. Since then we have been helping small churches that are without a pastor. We could not do this ministry if it were not for you that support us faithfully and send special offering from time to time and for our dear friends that help us with extra gifts. Thank you so much for being a part of this ministry of helps. We all need to help churches that are in need of our help. We do not need any more churches to close.

The people here are very sweet, dear Christians. We arrived in Chapmanville 6 January at the pastor's request but they did not leave until 5 February. February and March we have been getting to know the people better and they are adjusting to us. They truly want a pastor and want the church to go forward. If you know of a man that is looking for a church or is interested in pastoring call me at the number at the top of this letter. We all here are praying that the Lord will send the right man for this church! Will you pray with us? We will stay with them as long as needed but we do not think it will be long because we are believing that the Lord will answer prayer.

Yours in His service,

LeBron and Libby

I am debtor....

I am ready....

I am not ashamed....
